PROFESSIONAL EXPERIENCE: 8.5 Years.

Senior Software Developer in S4Carlisle Publishing Services 26.05.2016 to 07.12.2024.

Title : Smart Book (OUP)
 Organization : S4 Carlisle Publishing Services.
 Technical Environment : HTML, CSS, JavaScript, Photoshop.

DESCRIPTION:

Smart Book is an interactive educational book that supports school lessons by future-oriented technologies. The book looks like a traditional school book and contains different teaching topics. In combination with a mobile device like a notebook the user has a variety of interaction possibilities. Complex biological structures can be viewed three-dimensional on a display and pupils can send their homework with one click to the teacher. Technologies together enable the visualization of complex contents.

Responsibilities:

- Ensured the technical feasibility of UI/UX designs.
- Established locatability by registering with search engines.
- Implemented functionality in JavaScript.
- Implemented page designs in standards-compliant dynamic XHTML and CSS.
- Planned site/project design by clarifying goals.
- Prepared site by installing and configuring server software.
- Prioritized and managed multiple tasks across multiple projects, under tight deadlines.
- Worked with backend engineers and QA to see projects through, from conception to completion.

WORKING PROJECTS:

- **Applied Music Fundamentals:** Writing, Singing, and Listening
<http://global.oup.com/us/companion.websites/9780199846771/>
